

## GEORGE PRIME STEAK

“Prime” is the highest designation awarded by the United States Department of Agriculture (USDA). Only 2-3% of the finest beef produced in the US can be labeled “USDA Prime” beef. We carefully select individual cuts from gold standard Black Angus USDA Prime beef.

Our selection is limited to prime beef produced by a very few, select farms in the mid-west where cattle are raised 100% naturally, which means high quality corn-based feed, hormone and antibiotic free and ethical treatment.

At George, our steaks are hand picked, hand-trimmed and aged in house for a minimum of 30 days.
